

YOU are the Club!

As you may have noticed, every major event at St. Francis is accompanied by a gathering of members **before** the event to plan, prepare and then run the activities. The most visible examples, of course, are such as the Race Committee and Entertainment Committee, but there are literally hundreds of other contributions being made behind the scenes. The contributions of time, energy and skills of our members is an essential part of what makes StFYC a world-class yacht club.

**There are many avenues to get involved in your club.
