

Special Notice:

As all of us know California is dealing with extreme drought conditions.

As such and in order to help prevent saltwater intrusion in the Delta, the DWR has installed an emergency rock barrier across the West entrance of False River.

While this eliminates it from being used while in route by boat to Tinsley from San Francisco, the San Joaquin River remains open. (For more information go to: www.water.ca.gov)

St. Francis Yacht Club

**33RD ANNUAL
COUPLES-SINGLES CRUISE
MAY 22 - 25, 2015**

TINSLEY ISLAND DOCKING PLAN

Skippers desiring docking directions may contact the Port Captain on Channel 69 prior to entering the Island waterways.

PORT CAPTAIN: ED IGOE (We All Go)

Dock space is not available for ski boats. Please do not bring tenders or ski boats. Water toys are highly discouraged due to limited dock space

Washing of boats is prohibited during the Cruise.

Do not fill up your water tank with the Island's water during any Cruise weekend.
